The Tobacco Fair

Yesterday's the Most Successful Ever Held Here

It wasn't a very bright or a pretty day, but the weather doesn't count when John Duley and Hal Curran say they are going to have a Tobacco Fair.

The Fair came off on Washington's Birthday, as scheduled, and it was a success, too.

The midwinter event which draws more strangers within the gates of the city in one day than are seen here in almost the entire year,—Maysville's Annual Tobacco Fair—came off yesterday, more largely attended than any preceding Fair.

Though damp and gloomy, the weather did not keep the men away. People began coming in at an early hour from all points of surrounding counties, while the morning C. and O. and L. and N. trains, especially the latter, brought big delegations. The livery stables were taxed to their full capacity, and withal there seemed to be something doing in the old town.

The Maysville Board of Trade, with President John Duley and Secretary Harry C. Curran the prime movers, under whose auspices these Tobacco Fairs are given, has met with unequalled success in the undertakings, the management profiting each year with the experiences of the preceding event, until the Fair, as evidenced yesterday, has become the most important in the city's calendar.

The products shown at the Courthouse—corn, wheat and tobacco—were plentiful and of a most superior quality. It was no easy matter for the judges to award the premiums, but for general excellence of their samples the following were the winners—

Cigarette—42 samples.

First premium, \$50; Galbraith Bros., Maysville.

Second premium, \$25; Teagor Bros., South Ripley.

Third premium, \$10; William Brooks, Mason county.

Fourth premium, \$5; Patsy Dwire, Minerva. Judges—B. G. Spaulding, Cincinnati, and E. Reese, Louisville.

Lugs—45 samples.

First premium, \$20; Clay & Edwards, Clark county.

Second premium, \$10; William Kubel, Mason county.

Third premium, \$5; Jesse Thomas, Dover.

Fourth premium, \$2.50; King & Colvin, Bracken county.

Judges—Frank Albers and William Dohrman, Cincinnati, and W. J. Reed, Carlisle.

Bright Leaf—74 samples.

First premium, \$40; J. A. Lewis, Mason county.

Second premium, \$15; William Brooks, Mason county.

Third premium, \$10; Mike Brannon, Mason county.

Fourth premium, \$5; Joe Easybuck, Mason county.

Judges—Samuel True, Louisville; J. A. Downard and George Casey, Cincinnati.

Red Leaf—53 Samples.

First premium, \$25; Will Grainge, Bracken county.

Second premium, \$15; Frank List, Bracken county.

Third premium, \$10; P. H. Kimbrough, Bourbon county.

Judges for Corn, Wheat and Potatoes—Edward Bullock, Jacob Roser and Charles Weber.

It was arranged that the exercises at the Opera-house in the afternoon should be attended by men only—those most interested in tobacco growing—but in order that the good women would not be slighted a concert was given for their entertainment in the morning.

The Vanceburg, Augusta and John Duley's Real Estate Bands contested for a prize—a bouquet—which was awarded to the Augusta boys. These bands contributed much to the success of the day, and their morning concert gathered a big crowd at the Opera-house.

THE LEDGER was kindly remembered during the day by the organizations by pleasing serenades.

AFTERNOON.

Long before the hour arrived for the opening exercises, the Opera-house was packed from gallery to dress circle with a representative body of well-to-do and thrifty farmers from diversified portions of the state and country at large—Cincinnati and Louisville sending the largest delegations.

As a prelude to the good things to follow the Augusta and Vanceburg Bands discoursed delightful music to the waiting and impatient multitude.

President John Duley of the Maysville Board of Trade presided and in a few well chosen words opened the exercises by introducing Rev. W. B. Hines of Lexington, who, in touching and impressive language invoked God's blessing upon the men assembled.

After some more music by the band, Mr. Harry C. Curran, Secretary of the Board of Trade, stepped forward and in well rounded periods extended a welcome to the strangers within the gates of our city.

Mr. Curran was at his best and the manner in which he acquitted himself was exceedingly pleasing to his friends, and that includes all Maysville folks.

When it comes to an after dinner speaker Mr. Matthew J. Hennessy of Augusta is certainly entitled to a seat alongside Chauncey Depew and others of like class.

His speech was not classical in the least, but it was of the kind that puts a man in a good humor and he feels like lifting the roof off with his voice. Matthew is all right.

Judge Mat Walton of Lexington being absent, his place was filled by Rev. B. A. Jenkins of the same city.

Now, if you think the Parson handed out dry chaff you are decidedly out of your reckoning.

As an entertainer he certainly stands at the head of the class. There was not a dry sentence or utterance in his entire address, and the manner in which his words were received plainly indicated that the house was with him and heartily enjoyed all he said.

"Flower Words" as sung by President Duley, accompanied by the Augusta Band, was not the least pleasing feature of the afternoon.

After the presentation of a beautiful bouquet—as large as a peck measure—by Mr. Duley to Mr. Dan Peed of Paris, the tobacco court took place.

Messrs. W. G. Spaulding and Joe Cassidy of Cincinnati and Mr. Reese of Louisville, were chosen as the auctioneers. Now here's where the fun and the money comes in, owing to the great rivalry between the Cincinnati and Louisville warehouse men.

The 150 pounds of cigarette samples sold to John Downard of Cincinnati for \$80 per hundred; the 200 pounds of bright leaf went to Louisville at \$43 per hundred; the Queen City secured the 175 pounds of red leaf at \$33 per hundred; the 150 pounds of lugs were bought by the Cincinnati Tobacco Warehouse, paying the fancy price of \$90 per hundred.

Thus ended the sixth and the most successful of all the Tobacco Fairs held in this city, and the major part of the credit for this success must be given to President Duley and his able assistant, Mr. Harry C. Curran.

DIBBLETS.

Bracken county was well represented. She also carried away her portion of the premiums.

It was on the order of a Roland for an Oliver when Mr. Duley and Mr. Hennessy met on the stage.

The L. and N. brought in about 500 visitors to the Tobacco Fair yesterday.

Colonel T. J. Maloney, a well known Eastern financier en route to New York from a trip through Canada and the United States in the interests of the Continental Tobacco Company, was the distinguished visitor of our Tobacco Fair yesterday. Colonel Maloney spoke very hopefully of the future outlook of Maysville's tobacco industry, considers this site wisely chosen for a factory, concedes every possibility of additions to the plant, and congratulated our community in possessing such a broad spirited citizen as Mr. John Duley, the able President of our Board of Trade, and the cardinal force in Maysville's Tobacco Fairs.

Gerald J. Connolly, Editor Western Tobacco Journal of Cincinnati, H. Duley of The Flemingsburg Times-Democrat, Colonel Sam Stairs of The Dover News, A. F. Curran of The Dover Messenger, Mr. Levi of The Cincinnati Commercial Tribune, Oldham of THE LEDGER and Altmeier of The Bulletin occupied seats in the Press stand.

Quite a number of ladies occupied boxes and graced the meeting with their presence as well as enjoying the proceedings.

The crowd in town reminded one of a circus day.

There were more buggies in the city yesterday than has been here during the past four months.

It was a big crowd and everybody was in a good humor.

Now for 1906.

COX BUILDING.

Never before have we sold as many suits and overcoats during the month of February as we have in this February. It is only due to this: **"THE PUBLIC HAS FAITH IN WHAT WE TELL IT."** We made up our mind to close out our winter goods at prices that we knew that intelligent people would take advantage of. Consequently hundreds of our friends bought suits and overcoats at prices that we cannot replace them for. Many choice suits and overcoats are still on our counters. We will continue the sale as long as any are left.

It may have passed unnoticed that during the year just ended the King has not made a single peer. No peer or his descendants will ever be able to say that his peerage comes from the year 1904. Since 1850, 130 new peers have been created, and in the same period 75 peerages have become extinct. The last year in which no peer was created was in 1883.

THE fool Republicans of the Missouri Legislature are repeating the folly of their Kentucky brethren—they won a victory and haven't sense enough to use it.

At Des Moines, Iowa, the law class of Drake University is engaged in a mock trial of ex-Governor W. S. TAYLOR of this state, whom the Goebelites charge with killing their Chief. It is hoped they will not pattern after the mock trials that have been doled out to CALEB POWERS and JIM HOWARD at Frankfort and Georgetown.

EVEN some of the Doctors have organized to prevent outsiders from coming to Kentucky. Two years ago Dr. J. D. LUDDEN located in Newport. He had a diploma from the University of Dublin, Ireland. The local sawbones demanded a "certificate" from the Kentucky Medical Board. This for some reason was delayed until the new medical law was passed. The old law read "that a diploma was necessary from a regular medical college, legally chartered, in this or some other state or country."

The new law omits the word "country," making it necessary to secure a diploma from a state in the Union. This would compel him to take another three years' course before a certificate would be awarded in Kentucky. Having nothing to show that entitled him to practice, under this law, he was indicted by the Grand Jury last Saturday and Tuesday he left the state, moving with his family to Walnut Hills. He has a certificate permitting him to practice in Ohio. Judge WRIGHT, in commenting on the Kentucky law, said: "It seems rather strange that a diploma from such a College as the Dublin University or the University of Berlin, which leads the world in medicine, would not be recognized in Kentucky." And it really does; but Kentucky, you know, is pledged to the great American doctrine of Protection to Home Industry.

She was so weak she could take only half a teaspoonful of nourishment at a time. We read an advertisement of Vinol, and decided to try it as a last resort. She has now taken eight bottles, and her health has been restored in a marvelous manner, and she is as well as ever she was. Words are inadequate

MISS M. BROWN.

to express our gratitude to you and your valuable remedy, and we hope that other dear ones may be saved as ours was."

The reason that Vinol accomplishes such wonderful results in throat, bronchial and lung troubles is because it contains in a concentrated form all the vital principles of cod liver oil, but without a drop of oil to nauseate and upset the stomach and retard its medicinal value; the weakest stomach can retain it and it is delicious to the taste.

Vinol is the most valuable preparation of cod liver oil ever discovered, and we ask every person in Maysville who has a hard cold, hacking cough, throat or bronchial troubles to try Vinol on our guarantee to return your money if you are not satisfied with the results.

"There Isn't One
Really Good
Printer in Five
Hundred."

Printers' Ink—the leading journal on publishing and printing—has to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A like a traveling man—if he is well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the latest in good printing and produce it and press it. We are pretty careful not to let a bum job get onto our presses. No press in the country can better our printing and we want you to know it.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulence, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not headed the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to live. I felt that this was death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from women's troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

Since the beginning of the last century no fewer than 52 volcanic islands have risen out of the sea.

President Jenkins addressed a crowded house last night. His text was Second Corinthian, vi, 2: "Now is the acceptable time, behold, now is the day of salvation." He dwelt only upon the first and the last word of his text, saying in part: "Salvation is much misunderstood. Some think of it as a thing to take place in the near future. Jesus's conception is that salvation begins now. Youth looks out into the future; age lingers in the past; but Jesus emphasized the present, the 'now.' God cares little about what you were yesterday or what you may intend to be tomorrow; but He estimates you by what you are today. How do you stand at this moment with reference to Him and His cause? 'Tis a characteristic failing of humanity to take little notice of the ever-present and important now. Jesus said to Zacchaeus, who was ready to restore fourfold, 'This day has salvation come to thy house.' O, that men would receive this salvation that cannot be purchased! Jesus had a much wider conception of salvation than people have today. We have failed to catch His fuller meaning. He looks upon life as beginning here and continuing henceforth throughout the endless reaches of eternity. He does not like to use the term death; for life, saved life, was His great theme."

After the service at night three were baptized.

The large chorus is doing excellent work and many remain to hear their practice.

Curious atmospheric conditions prevailed in Switzerland at the beginning of this year. While the valleys were shrouded in dense, cold mists, the regions above a thousand yards in elevation had a blue sky and sunshine so warm that men took off their coats to work. Strawberries and alpenroses were in bloom. The practice of keeping the mountain hotels open in winter is coming more and more into vogue.

PROF. JENKINS'S SERMONS

Large Audiences Attending Afternoon and Night Meetings

He designated her as the first emissary of her Lord, the first missionary to carry the glad tidings to those who were still in ignorance. "I do not wonder," he said, "that two-thirds of the congregations are composed of women, the prayer meetings made up almost entirely of women, and the missionary work of the Church carried on largely by consecrated women. This voluntary service is a simple recognition of the debt of gratitude which she owes to her Deliverer, who first broke the shackles which bound her in slavish obedience to long established laws and customs." In conclusion, Prof. Jenkins, with a great deal of earnestness, impressed upon the women the importance of dedicating their talents, a good voice, personal charms, executive ability, in fact themselves, to the service of the Lord.

After the service at night three were baptized.

The large chorus is doing excellent work and many remain to hear their practice.

Doan's Kidney Pills positively cured me of kidney trouble, and I do not hesitate to give them the strongest kind of recommendation.

I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's druggist and I noticed an improvement in my condition from the start. My trouble was soon entirely cured. This was some five years ago, and I have had no return of it since.

Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills.

Forsale by all dealers. Price 50 cents a box, Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

After the reader has read the public statement of this representative citizen of Maysville given below, he must fairly, squarely and honestly come to this conclusion. A remedy which cured years ago, which has kept the party in good health since, can be relied upon to perform the same work under similar circumstances. Read this:
